

Vivekanand Shikshan Sanstha's

Vivekanand Arts, S.D. Commerce and Science College

Aurangabad

Department of Chemistry

### Workshop Report

Workshop on Practical Instrumentation was organized by Department of Chemistry of this College in collaboration with Chrom Analytical Institute, Aurangabad on 27<sup>th</sup> Sept. 2014 for M.Sc. (Chemistry) students.

In the Workshop participants were exposed to basic handling Gas Chromatography, High Performance liquid Chromatography (HPLC), UV visible Spectrophotometer alongwith other relevant instruments such as TLC, PH Meter, electronic weighing balance, etc.

Sixteen students alongwith faculty members of the Department participated in the Workshop. Director & technical staff members of Chrom Analytical Institute, Aurangabad guided the participants.

The Workshop was found to be very useful for the participants for enhancing their practical knowledge essential for getting better employment opportunities in Pharmaceutical industries, Clinical Laboratories & other relevant Chemical Industries.

Internal Quality and Assurance Committee (IQAC)

A Report of One Day Workshop on  
"Intellectual Property Rights: A Special Reference to Patenting"  
13<sup>th</sup> October 2017

Creating Awareness about Intellectual property and know how about the rights is a need of an hour. Considering the moral responsibility, Internal Quality and Assurance Committee (IQAC) has conducted a workshop on "Intellectual Property Rights: A Special Reference to Patenting" on 13<sup>th</sup> October 2017 for faculties of the college.

Intellectual property (IP) refers to creations of the intellect for which legal rights are assigned to designated owners by law. Intellectual property rights (IPRs) are the rights granted to the creators of IP, and include trademarks, copyright, patents, industrial design rights, plant breeders rights and trade secrets. Artistic works including music and literature, as well as discoveries, inventions, words, phrases, symbols, and designs can also be protected as intellectual property.

The workshop has been started with felicitation of guest speaker Dr. Kunal Datta, DDU Kaushal Kendra, Dr. B.A.M. University, Aurangabad by Dr. Dadarao Shengule, Vice-Principal of the college. The felicitation of guest was done by offering the plantlet instead of bouquet. The felicitation was followed by the introduction of guest and then by direct talk of speaker.

Dr. Datta has started his talk by giving simple examples of intellectual property and then he smartly explained the ways of protection of our intellectual property. He has also emphasized on another misconception of people that, the IPR is related to only science stream fellows and not to social sciences.

He has explained all the steps of obtaining the IPR especially the patents. The types of patent applications, PCT application, online patent filing, patent drafting pointers were clearly explained by him.

With his excellent style of communication and strong conceptual base he has made the participants completely satisfied, intellectually.

  
Dr. Adhasure N.H.
